

TENSIONED COSMOPOLITAN ELECTROL®

Electric Screen that Mounts on Wall or Ceiling

- Same great features as our Cosmopolitan Electrol except screen is tensioned for an extra flat surface for optimum image quality when using data or graphics.
- Tab guide cable system maintains even lateral tension to hold surface flat while custom slat bar with added weight maintains vertical tension.
- Handsome black textured case blends with any decor.

Optional floating mounting bracket allows screen to be mounted onto wall or ceiling studs and aligned left or right.

For optional remote control operation see options on pages 40-42.

All fabrics will be seamless.
